SUBJECT INDEX

A

Abstract Section..93, 195, 301, 421, 537, 638, 747, 848, 970, 1096, 1201, 1328
Adhesion of Electrodeposits
III. Correlated Abstract of Published Methods for Measuring the Degree of Adhesion.....45, 46, 49, 50, 53, 54, 57, 60, 62–64
IV. Correlated Abstract of Comments on Methods for Measuring the Degree of Adhesion..166, 167, 169, 170, 173, 176–178, 180, 183, 184, 187, 188, 279, 280, 283, 284, 286, 287, 289, 292, 295, 296, 299, 620–629, 632–635, 760
V. Analysis and Appraisal of Information from Literature and Private Communications.....1285–1301
Discussion.....263–266, 326, 417
Air Handling Equipment, The Selection and Maintenance of.....37–43, 95
Alloy Plating, Copper-Tin.....394–398
Alloy Plating, Lead-Tin.....255–261
Alloy Type Nickel Baths.....500–504
Aluminum Alloys, Black Anodic Coatings on.....609–611
Aluminum, Electroplating upon....269, 270, 273, 274, 277
Anodic Coatings on Aluminum Alloys, Black.....609–611

B

Barrels and Auxiliary Equipment, Horizontal Plating.....1162–1173
Bearings, Silver Plating..937–942, 1056–1065
Bearings, Silver Plating Aircraft Engine 142–149
Bearings, The Engineering Future of Plated.....1279–1283, 1315
Black Anodic Coatings on Aluminum Alloys.....609–611
Book Reviews...90, 193, 305, 425, 540, 636, 734, 845, 1095, 1215, 1334
Bright Nickel Baths, Organic Type..498–500
Bright Nickel Plating, A Review of Progress.....162–165
Buffing and Polishing, A Survey....803–806
Buffs, Spraying Compositions to..1181–1183

C

Cadmium Whiskers.....28–30, 95, 417
Carburizing, Copper Plating for Selective 1271–1276, 1310
Chloride Nickel Baths, All.....504–506
Chromium on Turbine Rotor Journals, Cyclic Plating of Hard..... 617
Chromium Plated and Surface Conditioned 13% Chromium Steel, Corrosion Resistance of.....401–405, 408
Chromium Steel, Corrosion Resistance of Chromium Plated and Surface Conditioned 13%.....401–405, 408
Cleaning of Zinc and Zinc Alloys in Alkaline Baths, Electrolytic.....373–388
Cleaning Processes, Environmental Control of Metal.....808–819, 945–953
Coatings on Aluminum Alloys, Black Anodic.....609–611
Coatings, Plating Rack.....152–157, 191
Compositions to Buffs, Spraying..1181–1183
Conductivity Measurements, Methods for.....1306
Convention Papers, Abstracts of...707–711, 745, 822–826
Copper Float Balls by Electrodeposition, Manufacture of..... 188
Copper-Lead Alloys, Some Properties of Electrodeposited.....18–23, 88
Copper Plating for Selective Carburizing 1271–1276, 1310
Copper Plating from Fluoborate Solutions.....923–934, 1306
Copper, Stripping of
III. The Calcium Polysulfide-Sodium Cyanide Method.....958–962
Copper-Tin Alloy Plating.....394–398
Corrosion Resistance of Chromium Plated and Surface Conditioned 13% Chromium Steel.....401–405, 408

D

Deposits, Cold Nickel Plating and Soft 494, 495
Die Castings, Plating of Zinc Base 714–717, 735
Die Castings, A Modified Salt Spray Test for Chromium Plated Zinc Base..... 17

E

Electroplating for High School Students, Outline of Informal Talks on.....1160
Electroplating, Health Hazards in..411–414
Electroplating Industry, Stream Pollution Problems in the.....601–606, 668
Electroplating Solutions, The Purification of.....513–521, 524–526

F

Fluoborate Solutions, Copper Plating from.....923–934, 1306
Furan Resins in the Plating Industry 830–832

H

Hard Chromium on Turbine Rotor Journals, Cyclic Plating of..... 617
Health Hazards in Electroplating..411–414

I

Impurities in Electroplating Solutions, Determination of
I. Introduction.....836, 837, 840–842
II. Colorimetric Techniques..1073–1079
III. Lead in Nickel Plating Baths 1079–1087
IV. Iron in Nickel Plating Baths 1189–1197
Iron in Nickel Plating Baths.....1189–1197

L

Lead in Nickel Plating Baths....1079–1087
Lead-Tin Alloy Plating.....255–261

M

Magnetic Thickness Gage, Magnetism and the.....1044, 1045, 1092

N

Nickel Baths, All-Chloride.....504–506
Nickel Baths, Alloy Type.....500–504
Nickel Baths, High Speed.....506–509
Nickel Baths, Organic Type Bright..498–500
Nickel Baths, Watts Type.....496–498
Nickel Plating and Soft Deposits, Cold 494, 495
Nickel Plating, A Review of Progress, Bright.....161–165
Nickel Plating Baths, Iron in....1189–1197
Nickel Plating Baths, Lead in....1079–1087
Nickel Plating Symposium.....494–510, 526

P

Patent Abstracts..857, 966, 1109, 1217, 1332
Plating Industry, Furan Resins in the 830–832
Plating under Difficulties.....33, 34, 88
Polishing, A Survey of Buffing and..803–806
Pollution Problems in the Electroplating Industry, Stream.....601–606, 668
Purification of Electroplating Solutions 513–521, 524–526

R

Rack Coatings, Plating.....152–157, 191

S

Salt Spray Test for Chromium Plated Zinc Base Die Castings, A Modified..... 17
Silver Deposits, Adherent and Dense Heavy.....1176–1178
Silver Plating Aircraft Engine Bearings.....142–149
Silver Plating Bearings..937–942, 1056–1065
Stream Pollution Problems in the Electroplating Industry.....601–606, 668
Stripping of Copper
III. The Calcium Polysulfide-Sodium Cyanide Method.....958–962

T

Thickness Gage, Magnetism and the Magnetic.....1044, 1045, 1092

W

Westinghouse, George.....1048–1053

Z

Zinc and Zinc Alloys in Alkaline Baths, Electrolytic Cleaning of.....373–388
Zinc Base Die Castings, A Modified Salt Spray Test for Chromium Plated.... 17
Zinc Base Die Castings, Plating of 714–717, 735
